

MultistartInterface

```
graph BT; Multistart --> MultistartInterface
```

A UML diagram illustrating an inheritance relationship. At the top is a gray rectangular box with a black border labeled "MultistartInterface". Below it is a white rectangular box with a gray border labeled "Multistart". A red arrow points from the top of the "Multistart" box up to the bottom of the "MultistartInterface" box, indicating that "Multistart" implements or inherits from "MultistartInterface".
