

TmlslInterface

```
classDiagram
    class TmlslInterface
    class Tmlsl
    Tmlsl --|> TmlslInterface
```

The diagram illustrates a class hierarchy. At the top is a gray rectangular box labeled 'TmlslInterface', representing an abstract interface. Below it is a white rectangular box labeled 'Tmlsl', representing a concrete class. A dark red arrow points from the 'Tmlsl' box up to the 'TmlslInterface' box, indicating that 'Tmlsl' implements the 'TmlslInterface'.
